

Press release

Rolling Meadows, April 2021

Güntner US: Andy Nadeau - Business Development Director Climate Solutions

Andy Nadeau has more than 30 years of experience working in application specific engineered sales and solutions. Andy is a proven entrepreneurial sales leader with expertise in commercial/industrial HVAC and plastics processing industries. His primary concentration within Güntner will be in Climate Solutions with an emphasis on expansion and development of new business opportunities. Andy is a proud graduate of the SUNY Canton College of Technology with a degree in Air Conditioning Engineering Technology.

Professional memberships include:

ASHRAE: American Society of Heating Refrigeration & Air Conditioning Engineers.

SPE: Society of Plastics Engineers.

Andy lives near Syracuse NY with his wife and has 2 grown sons. His wife Margo is a Radiologic Technologist with Crouse Hospital where she has been employed for her full career. His two sons Grant Andrew Nadeau (MBA) and Ryan Rock Nadeau (Graduate Student, University at Buffalo, Occupational Therapy) are pursuing careers in upstate NY.

His experience in the industry will surely strengthen the Güntner US team. We are pleased to have him on board.

About Güntner

Based in Fürstfeldbruck near Munich, Germany, Güntner GmbH & Co. KG is a world leader in the manufacture of refrigeration and air conditioning equipment components. With approx. 3,000 employees worldwide and production sites in Germany, Hungary, Romania, Indonesia, Mexico, Brazil and Russia, the company shows a strong presence for their partners in all markets. Decades of experience in the industry and the consistent integration of the latest technologies and research findings ensure the high-quality standard of Güntner solutions. The international areas of application comprise energy & process cooling projects, industrial and commercial applications in the field of food production and storage as well as HVAC applications for buildings and specific applications such as server room cooling.
